

## CERTIFICATE OF ANALYSIS

### Product

|              |                           |                        |             |
|--------------|---------------------------|------------------------|-------------|
| Product name | (Z)-9-Hexadecenyl acetate | Product code           | EP00005     |
| CAS No.      | 34010-20-3                | Pheromone code         | 9Z-16:OAc   |
| Batch No.    | EP260501                  | Batch size / packaging | 1 kg; 25 kg |

### Specification and results

| Test                            | Specification                                                             | Result                   | Method                           |
|---------------------------------|---------------------------------------------------------------------------|--------------------------|----------------------------------|
| Appearance                      | Clear, colourless to pale yellow liquid; free from visible foreign matter | Clear, colourless liquid | Visual; record temperature       |
| Chemical group purity (GC area) | ≥ 95.0 %; sum of compound stereoisomers                                   | 96.5 %                   | GC-FID                           |
| Target isomer fraction (9Z)     | Report distribution                                                       | 95.5 %                   | GC separation; isomer-normalised |

GC area %: stereoisomer peaks of the compound / total organic peaks, excluding solvent and internal standard; isomer fraction normalised within the group.

### Storage and dates

|                     |                                              |                  |            |
|---------------------|----------------------------------------------|------------------|------------|
| Storage conditions  | 2–8 °C, protected from light, tightly closed |                  |            |
| Date of manufacture | 2026-05-10                                   | Date of analysis | 2026-05-30 |
